

Middle School Summer Academy Programs

Middle School Summer Academy

Middle School Summer Academy focuses on exciting and engaging math and English Language Arts content for current 5th through 7th grade students. Academic lessons will focus on math problem-solving and foundations as well as literature through close reading and novel studies, to help students build foundational skills needed for the next year. Starting with rich, engaging texts and challenging math problems, instruction is designed to leverage the voice and thinking of students.

Multilingual Learner (ML) Middle School Summer Academy

Multilingual Learner (ML) Middle School Summer Academy is focused on building students' English language vocabulary, as well as their skills in reading, writing, speaking, and listening through research-based, highly engaging instructional strategies. Students will learn how to read and write longer, more complex text. Students will participate in on-site experiences related to the content they are learning.

Bridge to Accelerated Math Academy

The Bridge to Accelerated Math Academy offers two courses designed for students seeking to enter an accelerated sequence of math course during the school year. There is an expectation that some assignments will be completed outside of classroom time.

Bridge to Accelerated 7th Grade Math is a course for current 6th grade math students. The 7th grade math content from Accelerated 6th Grade Math will be taught along with necessary skills for success in Accelerated 7th Grade Math. Students currently enrolled in Accelerated 6th Grade Math who want to revisit key concepts and skills and build confidence for Accelerated 7th Grade Math next year are encouraged to talk to their teacher about the Bridge to Accelerated Math Academy.

Bridge to Algebra is a course for current 7th grade math students. The 8th grade math content from Accelerated 7th Grade Math will be taught along with necessary skills for success in Algebra. Students currently enrolled in Accelerated 7th Grade Math who want to revisit key concepts and skills and build confidence for success in Algebra next year are encouraged to talk to their teacher about the Bridge to Accelerated Math Academy.

Additional information

- Students will participate in the Summer Reading Challenge.
- Students will be in classes of 20 or fewer students with a certificated teacher. Paraeducator support will be provided for targeted, small group instruction.
- Limited transportation will be provided for students from central bus stops. No out-of-district transportation will be provided, except for qualifying KIT students.
- Free breakfast and lunch will be provided for all students.

Training & prep

All teachers will receive 15 hours of staff training and orientation prior to the start of the summer academy; all teachers will also receive 10 hours of additional planning time.

Teachers implementing the National Summer School Initiative program as part of the Middle School Summer Academy will receive an additional 8 hours of structured professional learning scheduled during the summer academy.

Training & prep for paras is listed within the schedule section of this brochure.

Student enrollment

For the Middle School Summer Academy and Multilingual (ML) Middle School Summer Academy, current 5th graders will be invited by their classroom teacher during parent-teacher conferences. Current 6th and 7th graders will be invited by teachers, counselors, and building administrators.

For the Bridge to Accelerated Math Academy, current 6th and 7th graders are welcome to enroll through the district summer school website.

Registration deadline is April 26, 2024.

Student eligibility

Students are eligible for summer programming based on the order of priority listed below:

1. Multilingual Learner (ML) students
 - ML newcomers
 - ML students currently in fifth through seventh grade who have an ELPA21 annual overall level of Emerging or Progressing, with a combined reading and writing score of 2-5, or WIDA screener overall level of 1-3
2. Students who score below grade level in reading and/or math based on the Fall SBA and/or iReady winter diagnostic.
3. Students recommended by teacher, counselor, or administrator.
4. Students who do not meet the eligibility criteria, as space allows.

Our **students** will **lead** and **shape** the future.
