MENTAL HEALTH AWARENESS

In addition to coming together to raise awareness about mental health and to show our support for each other, all profits from the sales of the shirts will go to Dawson Place, a community organization that provides services and support for youth in crisis, including those who are victims of abuse.

In an effort to show support for those around us who may be struggling, we have created a t-shirt and a sweatshirt with messages of support and encouragement.

Dawson Place
child advocacy center
