# WA Student Support – Dyslexia Tracking

Using the spreadsheet for your school.
1. In eSchoolPlus, search for the student.
2. Go to Registration > Entry & Reports > Student District Defined > <u>WA Student Support</u> or type in "WA Student Support" in Quick Search box

3. Enter the following information:

Assessment Year = Current school year
Location ID = Your School
Support Code = 1 – Dyslexia
Identification Assessment = 15 - i-Ready
Identification Assessment Date = Use the assessment date NOT the data entry date.
Support Determination = Select the listed support determination:
- "1 – Screened, not at risk"
- "2 – Screened, at risk"
- "4 – Multilingual Learner, risk unknown"

Interventions Used =
- If a student is marked as "1 – Screened, not at risk", select the chosen interventions or "48 – No Interventions Used".
- If a student is marked as "2 – Screened, at risk", intervention data must be entered for the student.
- If a student is marked as "4 – Multilingual Learner, risk unknown", intervention data must be entered for the student.

Please enter the interventions that were provided to the student from the below lists, using as many dropdown intervention fields as applicable.

District – All students requiring interventions should have these selected	School Level – To be selected by Principal	Student Level – To be selected by classroom teacher
