

Personalized Pathway

Personalized Pathway Requirement courses lead to specific post-high school career or educational outcomes chosen by students based on their interests and HSBP. The flexibility of these 3.0 credits provides students an opportunity to include courses, including CTE courses, that align with post-secondary goals and is intended to allow for a personalized focus for the student's learning.

Other Changes

- Certificate of Individual Achievement (CIA) for students with IEPs available through class of 2021
- HS courses taken in MS change from “opt-in” to “opt-out”
