Documentation of Disease Immunity (Health care provider use only)

If the child named in this CIS has a history of varicella (chickenpox) disease or can show immunity by blood test (titer), it must be verified by a health care provider.

I certify that the child named on this CIS has:  
☐ A verified history of varicella (chickenpox) disease.  
☐ Laboratory evidence of immunity (titer) to disease(s) marked below.

|                                     |                                      |                                      |
