

What if I want a Fine Art as an alternate to an Other Elective?

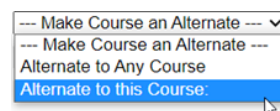

Because Fine Arts selections happen **first** your Elective class will **NOT** be available to select in the dropdown after choosing “Alternate to this Course” when you are selecting your Fine Arts classes.

You will need to follow the steps below.

Fine Arts

Step 1: Put a check next to all **Fine Arts** classes you want, **both** your first choices and alternate choices, including alternates for other electives.

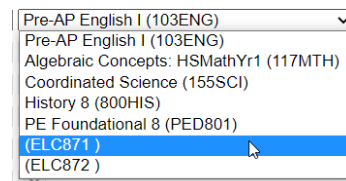

Step 2: Next to your **Fine Art** alternate class, click the alternate dropdown and select “Alternate to this course:”

DO NOT select “Alternate this Course” for the alternate to your other Elective. You will do this later.
