

# Hawthorne Helpers

This learning experience had a major impact on our classroom and wrapped up our unit on Cultural Identity.

## What we did:

We helped kindergartens with phonics and prepare for their state testing. We were able to create a space where children could feel more comfortable with learning. The relationships between the students and the interns had progressed to where the students could express themselves, and teach us what technique worked best for them.

## Our Experience:

"I learned from my student to have patience, growth mindset and perseverance as well as I learned how to adapt my teaching to benefit my students' way of learning"

## Special thanks to:

Mr. Anthony Anderson  
Ms. Dulce Ruiz  
Dr. Shelley Boten  
Principal Jacob Ellsworth  
Assistant Principal Jennifer Reyes  
Principal Kelly Shepherd
