

WASHINGTON ALLIANCE
FOR BETTER SCHOOLS

After School STEM Academy '22-'23

In-Person

Over three sessions throughout the school year industry volunteers and school hosts spend four weeks leading After School STEM Academy's 90 minute lessons for students (3-5).

Students practice important 21st Century skills for success: creativity, communication, collaboration, and critical thinking. Students learn first hand about different careers rooted in STEM subject

Hybrid + Virtual

WABS offers a hybrid or virtual version of ASSA by request or need during the Winter '22 Session, noting the unforeseen circumstances related to COVID19 or other public health crises.

FALL 2022

If you are interested in participating in the After School STEM Academy please reach out to us via email to be added to our distribution list.

Registration for the Fall ASSA (10.24.22-12.09.22) will open August 16th and will close September 9th.
