

Important College in the High School Dates and Deadlines for 2024-2025

There is no fee for students to register and enroll in a College in the High School (CiHS) course for college credit. Students are required to register on or before the registration deadlines for each corresponding class in order to earn college credit. Registration for college credit occurs at the beginning of the college course or content. For more information on registering, click one of the links below.

By enrolling in a CiHS course the student automatically creates an official college transcript with the college offering the program course regardless of student performance in the course, and that college credit earned upon successful completion of a program course may count only as elective credit if transferred to another college.
