

Woodside Elementary students applaud Kimberly Sandstrom (left), fifth-grade teacher at Woodside and winner in the A Day Made Better program, sponsored by Office Max and Adopt-A-Classroom.

### **Woodside teacher wins award**

Kimberly Sandstrom, fifth grade teacher at Woodside Elementary School, was selected by Office Max in Woodinville, as the first recipient in A Day Made Better program, sponsored by Office Max and Adopt-A-Classroom.

Sandstrom was nominated by a community member for her dedication to her students and the school.

"If you are lucky enough to be one of Mrs. Sandstrom's students, she will be your teacher for life," the nomination reads. "Mrs. Sandstrom continues her student relationships through graduation and further. She is one of those teachers that make learning so fun her students forget they are in school."

Employees of Office Max presented Sandstrom with \$1,400 in classroom supplies, including a digital camera, a printer, and an executive chair.
