Transportation Department Overview

The Transportation Department is responsible for the routing and scheduling of buses and vans to transport approximately 9,750 students to and from school each day.

Areas of responsibility include administration of a 5-year contract with a private transportation vendor (Durham Student Services) for the operations and maintenance of a fleet of contractor-owned buses needed to provide student transportation services for the district. The Transportation Department also schedules buses needed to support Career and Technical Education programs and extra-curricular and athletic activities. Additionally, the Transportation Department manages a bussing program using district employees and vehicles for homeless students in compliance with the McKinney-Vento Homeless Assistance Act of 1986, and is currently providing transportation to homeless students in 20 school districts.

2013-14 FY budget: \$7,621,078 (General Fund) + \$400,000 (Transportation Vehicle Fund)

Current staff: 38 total (1 administrative, 2 management, 1 office support, 34 drivers), not including 89 full-time drivers employed by Durham School Services.
