

# PARENT NIGHT

**North Middle School PTA presents:**

## **Talking to Kids About Marijuana in the Age of Legalization**

**And other important drug and alcohol trends**

With the current legal climate surrounding marijuana, many kids are feeling this is a safe drug with no side-effects. Their arguments are bolstered by numerous websites and public debates. A Certified Chemical Dependency Counselor from Youth Eastside Services will explore the teen logic around marijuana and the dangers for teens. The discussion will include information on current drug and alcohol trends and how you can improve the chances of a drug- and alcohol- free teen.
