Life in a Fish Bowl

Saturday, March 26, 2011

8:30am – 1:00pm

Presenter: Kathy Lech, CEOE

Do you ever feel like you are working in a fish bowl? Everyone looks to you for guidance, direction and all the answers—all the time. Let's learn to free ourselves, accept our own individuality, support each other and have patience. Let's get "hooked" on our jobs.

Kathy Lech is a thirty-one year veteran of the educational office system. She has experienced the joys of elementary, middle school, and central office positions and currently is the office manager at Pioneer Middle School in DuPont, Washington. Kathy strongly believes in the value of professional associations and continues to lead by example. She has been presented with the Washington State "Award for Excellence in Education" and the prestigious Paula Thomas Distinguished Service Award and has served as President of the Washington Association of Educational Office Professionals. Kathy is the current President for the National Association of Educational Office Professionals.
