

Close to 20

Ways to Simplify:

Play Close to 10

Add 2 #'s instead of 3

Use cubes instead of chips- put cubes in stacks of 10 for quicker counting

Eliminate "score" at first

Play in teams

Ways to Challenge:

Add or subtract #'s

Add 4 #'s instead of 3

Use Wild Cards

Wild Cards=multiples of 5

Play Close to 25 or Close to 50

Wild Cards=odd #'s only

Collect \$1

Ways to Simplify:

Collect .25

Play with a partner

use only 1 # cube/dice

Ways to Challenge:

Play Collect \$1.50 or \$2

Use only _____ (nickels, dimes)

Don't use _____ (nickels, dimes, etc.)

Exchange \$ for fewest # of coins on every turn

After each turn say "I need _____ more to get to \$1."

Put -10 on dice

Get to \$1 exactly without going over

Capture 5

Ways to Simplify:

Use a 50 chart

Start using only 1 change card

Capture 3 (use 8 counters)

Take off the 12 counters- Just maneuver through the chart using cards. Receive marker for each correct equation.

Use more change cards

Use more pieces to capture (ex. 20 instead of 12)

Ways to Challenge:

Must use 3 change cards each turn

Use 2 colors of markers (6 of each) and capture partner's markers

Use a 200 board
