

Keynote speaker:

[Hadi Partovi](#),

Co-founder of [Code.org](#)

**Monday, June 8  
5 – 8 p.m.**

[Xfinity Conference Center](#)

Like last year's STEM fair, this year's STEM Expo will feature an elementary and middle school competition.

The STEM Expo will also showcase the progression of PreK-12 STEM learning in Everett Public Schools and spotlight STEM careers through interactive hands-on exhibits and presentations by Everett students and members of the STEM community.
