

# EVERETT SCHOOL BOARD CANDIDATE FORUMS

## Q & A with the candidates!

The Everett PTSA Council is hosting an Everett School Board Candidate Forum. The purpose of this forum is to provide the candidates an opportunity to publicly address important issues that affect our students, our schools, and our community. The forum will also allow voters an opportunity to become better informed about their choices for elected officials. Candidates will be given an opportunity for opening and closing statements, as well as equal time to respond to questions. The forum will be moderated by Frank Ordway, Government Relations Director for the League of Education Voters. For those not able to attend our forum another one will be hosted by the Office of Neighborhoods and will also include Everett City Council candidates.
