

Everett Public Schools ECEAP LATE PICK-UP POLICY

Steps for handling Late Pick-Up:

1. Document each occurrence in child/family's file with the date, time picked-up, person who picked-up, any contact made re: pick-up and what was said (phone call, etc), as well as reason given for late pick-up.
2. After two occurrences by the same family of significantly late pick-up that is not an emergency, send home the Late Pick-Up Reminder Letter to all families. Inform Chad & Monica of late pick-up situation.
3. If family again picks up late, family support staff will contact the family to set up a meeting in order to develop a plan for timely pick-up. The meeting/plan may include:
 - Problem solving barriers to timely pick-up
 - Offering resources and other options if needed (such as switching to different class session if available).
 - Highlight incursion on teacher's lunch and prep time and discuss how continual late pick-up is considered neglect and can be reported to CPS if it continues.

The family should again be given a copy of the Late Pick-Up Reminder Letter. Document meeting in family's file.

4. If family continues to habitually and unjustifiably (not an emergency) arrive late to pick-up their child, consult with Chad or Monica on next steps. Next steps may include:
 - Another meeting with the family to include Chad or Monica
 - Move child to other class session if/when space allows
 - CPS Referral
