Student Responsibilities and Rights

The board of directors and administration are deeply grateful to the original members of the committee who developed the Student Responsibilities and Rights policies for Everett Public Schools. The committee of parents, teachers, administrators, students, and interested citizens have made an outstanding contribution to the program of education in this school district. The recommended policies and rules have been adopted by the board of directors on the recommendation of the administration and help foster a learning environment that promotes respect for the rights of all.

This edition is current and supersedes the previous handbook. The earlier versions are now out-of-date due to revision and new state law. These policies are subject to change during the year based on legislative and board policy changes.
