To Manage a Roster already created:

1. Select the Roster Name to add a new student to teacher relationship in TIDE.
2. Select the grade so of students you would like to add to the roster (could be adding her grade 4/5 split math class).
3. You can move students in or out of the roster.
4. Don't forget to save!

Note: There is a print option that is useful to show the TA which students are on which rosters and then the TA could let the SC know when students need to be added or deleted from the roster.

If you receive this error while trying to Roster students, you will have to clear history.
