

Site Improve report site

<https://my2.siteimprove.com/Dashboard/5765905975/5157869747/Dashboard/Index>

Below/attached is information on some of the resources and features available through your Siteimprove subscription.

[Academy](#) is our e-learning platform that provides training and onboarding courses for staff to ensure your organization is founded on the knowledge and skills needed to achieve your accessibility initiatives. I've added you as a user to Academy, as well. [How to add users](#) Included in your subscription is access for 100 users (do not have to be users of the Siteimprove platform) Full course guide attached

[Usability](#) is making it even simpler to manage the experience students, families, and community members have on your website. Usability will now allow you to track and visualize visitor actions with [behavior maps](#)

[Policy](#) enables you to enforce your organization's web standards or content strategies. [Create your own policy](#)

[Siteimprove Dashboards](#) can be leveraged to prioritize work and highlight focus issues you would like to be resolved on your site.

[Help Center](#)

I'd love to get us setup for a one on one training to go over the platform and discuss goals for the future. Please get us setup using my scheduling link below:

<https://app.hubspot.com/meetings/pjoh/discovery-call>

For any platform questions or technical issues, just open a ticket with our Customer Success team through the [Help Center](#) by clicking on the [Submit a request](#) button at the top right of the window or by emailing support@siteimprove.com. A member of our Customer Xperience team will be happy to assist you.

Thanks,

Paige Johnson
Customer Success Manager
