Request to Excuse Student from Sexual Health Education Instruction

Washington Administrative Code (WAC) 392-410-140 mandates that every public school that offers sexual health education must assure the sexual health education is medically and scientifically accurate, age appropriate, and inclusive of students regardless of gender, race, disability status, or sexual orientation.

I object to the participation of my child (or- legal ward) in the sexual health education -program and request that he/she be excused from participation in the grade _____ instruction.

I understand that research suggests that the quality of parent-child communications about sexual health topics appears to be a strong determinant of sexual behavior during adolescence.
