

# Multimedia Gallery App—Images, images with links, videos

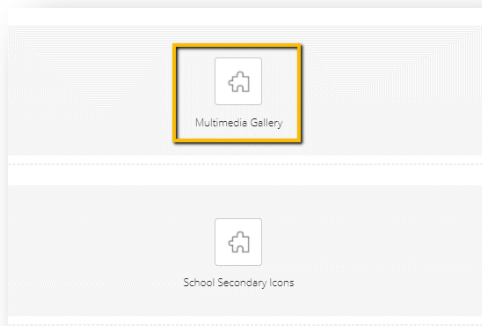

The images rotating at the top of school's homepages is called the Multimedia Gallery (MMG)

Log in, select Site Manager, and open your Homepage.

Click top section, the Multimedia Gallery and click green 'edit' pencil to open app.

## What am I seeing?

These are the images currently rotating in the MMG. You may:

1. Create a 'new record' and upload a new image.
2. You can sort your announcements in any order you like.
3. You can click the green 'active' button to deactivate an image and hide or save.
4. You can edit the current image.
5. You can delete.

The screenshot shows the Multimedia Gallery (MMG) interface. At the top, there is a 'New Record' button and a 'Sort Records' button. A yellow callout box points to the 'Sort Records' button with the text: 'Sort your photos in any order you like.' Below these buttons, there is a table with columns for 'STATUS', 'RECORD', and 'ACTIONS'. The 'STATUS' column contains green 'active' buttons. A yellow callout box points to the first 'active' button with the text: 'Click activate to show, or deactivate to hide and/or save.' The 'RECORD' column contains images and text. The 'ACTIONS' column contains 'Edit' and 'Delete' buttons. A blue callout box in the center of the table says: 'These are the images currently rotating in the MMG. You may create a 'New Record' and upload a new photo. You may also click the green active button to deactivate an image, or edit a current image, or delete.' The table contains four records:

| STATUS | RECORD                                                                                                                                                                | ACTIONS     |
|--------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------|-------------|
| active | <br>We are a 1:1 district                                                                                                                                             | Edit Delete |
| active | <br>Keep up the great work!<br>We all came together and are making it work. Thank you for all the joy, determination, perseverance and success as we remote together! | Edit Delete |
| active | <br>Follow us on social media                                                                                                                                         | Edit Delete |
| active | <br>Follow us on social media                                                                                                                                         | Edit Delete |

## Creating a New Record – IMAGE WITH CAPTION ONLY, NO LINK

1. Select your image and crop to **1024x645px (no exceptions)** and have it ready to upload.
  - a. **To crop:** In [Photoshop, open the desired image and click the crop tool](#) (video also shows how to create a border if you need to). Enter the pixel dimensions and set the sizing to 1024x645px. Photoshop will crop your image to the correct size.
2. In the Open Dialog Box:
  - a. Unclick the Hide button.
  - b. Enter a Title, keep it short.
  - c. Enter a caption, should be like a Tweet. 280 characters or less.
  - d. Upload your image (**make sure it is cropped and sized to 1024x645px**).
  - e. Describe the image and enter in Image Alt Text box
  - f. Click Save.

**Add Record**  
Enter your record information.

**Caption only, no link.**

**Adding a video**

Title: First day of kindergarten! ☐ Hide

Caption: ☐ Hide

Image:  /cms/lib/WA01920133/Centricity/Domain

Image Alt Text: Kindergarten holding photo of himself in preschool

☐ Link Record

☒ Embed a Video

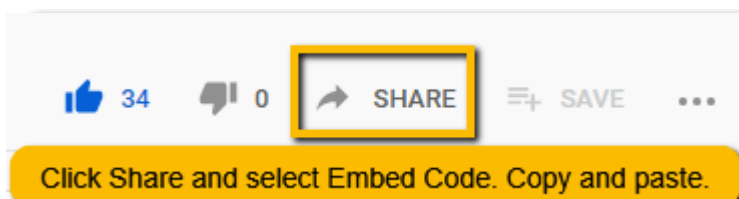

Video Link Text: (Link that opens the video)  
First day of kindergarte

Video Embed Code: (iframe)  
`<iframe width="568" height="315" src="https://www.youtube.com/embed/jstCCV8X0gy" frameborder="0" allow="accelerometer; autoplay; clipboard-write; encrypted-media; gyroscope; picture-in-picture" allowfullscreen></iframe>`

1. Click Embed a Video. This is the same as Caption, so keep it short, like a Tweet (less than 280 characters).  
2. Add your embed code. If you have uploaded your video to YouTube, that is where you will find the Embed Code (see below).

☐ Activate on my page

Click Activate to show on your page, click save.

\*If you've uploaded your video to YouTube, you get the Embed Code there. Go to YouTube, open your video, click SHARE. Select Embed Code and copy the code. Paste into the box above.
