Dear Ms. Clough,

Thank you for your letter dated May 6, 2004 to the Trust regarding naturopathic treatments. The Trust values input from employees regarding changes to medical plans. In August, the Trustees will take under consideration the inclusion of licensed naturopaths to the PPO Plans during the review of annual offerings for open enrollment.

Again, thank you for the details of your experience with the Everett Natural Health Clinic. The information you provided is very helpful and useful.

Sincerely,

Jeffrey S. Riddle
