Dad and I sleep sitting up.	PLUS	Airport security would probably notice people who were asleep lying down. It would look like they weren't waiting for a flight.	EQUALS	
We use different airport areas.		Security would notice people who were at the airport night after night.		
Sitting together will get you noticed faster than anything.		Security notices groups of people quickly.

When it gets quiet, between two and four AM, we wake up.	PLUS		EQUALS	
At that time there aren't many people around, so we're extra careful.				
Dad and I, we don't talk to anyone.
