

Deductive Conclusion- First determine the conclusion then support it with evidence

Name _____

Drawing Conclusions Graphic Organizer

Directions: Read the text. Draw a conclusion from the text and write it in the box. Now go back to the text and recall any background knowledge you used while reading that will support your conclusion. Next, record any facts/details that support your conclusion.

Conclusion:

Background knowledge (What did you already know?)

Stop and think about the information and write how the conclusion relates to what you already know.

Facts and Details:

Think about the passage that you just read.

Record facts/details from the text that support the conclusion.
