Art/Graphic Design **2010-11**

Jackson High School AP Art and Graphic Design Students, have been selected to have their art works become part of a permanent exhibit at the new Swedish Medical Center.

Students will have their works be displayed in the Swedish Medical Center which is building a new campus in the South Everett/Mill Creek area, located just off I-5 on 128th St. The medical center will offer a full-service Emergency Room and physician offices. In an effort to be an engaged community partners and improve the healing environment the new facility has selected these artworks featuring these young adults. The images selected are to be turned

into long-lasting pieces of art to showcase in the new Swedish facility. There will be a grand opening celebration that will include recognizing the students and their resulting art pieces.

Marketing/DECA

Sixty students from DECA participated at State competition.

Spirit Wear sales are a successful partnership with PTSA

DECA will be hosting the Everett Foundation Breakfast @ the Everett Event Center

Marketing

Intro to Marketing classes completed the Economic Summit (summative) – curriculum provided by the Federal Reserve

The DEN at Jackson High School has been awarded Gold Certification. Along with this honor, our Timberwolves have been selected to send three students to the School Based Enterprise Academy at the International Career Development Conference. The students will be recognized on stage in front of over 15,000 members and honored guests at the Opening Session and will attend the multi-day Academy to learn about ways to improve our school based business. In addition to this, they will be representing the State of Washington, by presenting to a panel of corporate employees from Otis Spunkmeyer, the sponsor of this program.

National DECA organization congratulating Jackson High students on submitting the best project from across the country. They made a request to publish the HM Jackson Timberwolves project online for future student businesses to use as a model. This is a HUGE honor for us and we look forward to seeing our business on the National DECA webpage.

Business Education

Two students applied and were accepted to University of Washington ACAP Summer Program. The program introduces the qualified participants to the accounting, business, economics and finance professions through an educational and interactive curriculum involving accounting, business, economics and finance professionals, University of Washington Faculty, business, government & community mentors and ACAP alumni.

ACAP's summer residency week program is for qualified sophomores, juniors and seniors in enrolled in high school throughout the Greater Seattle/Tacoma areas. This educational and motivational week is held annually, since 1982, at the Foster School of Business at the University of Washington. Students are immersed in the college experience for the week, residing on

campus, utilizing student services and classroom facilities as well as learning how to budget and manage interactively in a college environment.
