

February 18, 2003

Linda Roe
Wight's
5026 – 196th SW
Lynnwood, WA 98036

Dear Linda,

It was good to talk with you at the Gateway Middle School Interest Fair. I wanted to share with you more information about the Agriculture and Horticulture Advisory Committee with Everett Public Schools. We would love to have you serve with this group, however if you are unable to or have someone else in mind that would be fine. This group will meet three times between now and the end of school. The next meeting is scheduled for March 6, 2003 at 2:15 p.m. at the classroom portable at Legion Park.

The Career and Technical Education program in Everett Public Schools contains four areas of learning; business and marketing, health and human services, agriculture and science and technology and industry. Each committee is made up of representatives from industry and serves to give feedback to ensure that lessons taught in the classroom align with industry standards. As a member of this committee you will be asked to give input in your area of expertise.

Enclosed in this packet you will find:

- Agriculture and Horticulture Advisory Committee Job Description
- Advisory Committee overview brochure
- Everett Public Schools Partnership Brochure
- Everett Public Schools District Guide and Boundary Map

Please take time to review the enclosed information and feel free to call me with any additional questions.

Sincerely,

Lauren Hadley
Partnership Coordinator
