

Health and Human Services Advisory Committee
March 8, 2010
Jackson High School

In attendance: George, Monica, Nancy, Jeff, Diane, Susan, Laurie, Erin, MaryAnn and Katy.

Introduction: Each individual introduced themselves and their job.

What we are Teaching

Monica presented a Pico De Gallo lab. The lab is done in all the Foods 1 classes to introduce knife safety, cutting skills, team work in the kitchen, table setting, clean up.

Open discussion on Independent Living-(Erin and MaryAnn)-Talked about what we are teaching in IL.

Changes in the Work World-Going Green

Susan-BECU-recycle, share points, eliminate paper products, compost, turning into a paperless BECU

Katy-Providence- share points, tele-conferencing, talk about single use and throw with medical gloves

Nancy-EvCC-compost at EvCC, limit private car transportation and increase bus (changing class schedule to help with limiting transportation), Goal is to be Carbon neutral, compost food and staff and bring in Christmas trees

Adjourn: 4:30pm
