Culminating Project

Name:

The Culminating Project consists of the completion and submission of four parts. Each part contains formative tasks you will complete and upload to your class Moodle site. Use the checklist below for parts 1–4. Make sure you have saved, uploaded & submitted each formative task.

Parts 1-4:		Task Completion & check off
Part 1 – Reflective Log Students will think and write reflectively about learning as it is happening and to use that "pause to look behind and then plan ahead." Capturing thinking while learning advances both the current work and provides a roadmap for the next learning experience.	☐	**Option 1:** **Reflective Log–** *Blog Format* **(Link to your edublog must be submitted to Moodle site.)**
	☐	**Option 2:** **Reflective Log–** *Document Format* *(Document for blog must be submitted/uploaded with your name to Moodle site.)*
Part 2 – Research Log Students will learn how create a body of research reflecting on post high school planning using Web 2.0 tools and/or traditional research techniques.	☐	**Option 1:** **Research Log–** *Scoop.it Format* **(Link to your Scoop.it site must be submitted to Moodle site.)**
	☐	**Option 2:** **Research Log–** *Document Format* *(Document for research must be submitted/uploaded with your name to Moodle site.)*
Part 3 – Completion of Culminating Project	☐	**Culminating Project Submitted**
Part 4 – Post-Culminating Project Self-Evaluation	☐	**Self-Evaluation Submitted**

*UPLOAD this document to your class Moodle Site when complete.
