

Nutrient Ad Assignment- Worth 4 points

You are an Advertiser for an Ad Agency and you have been contracted to come up with a colorful advertisement for a vitamin or mineral of your choice. You need to use a blank sheet of white paper and create an advertisement that communicates:

1. At least 3 healthy benefits that come from eating the vitamin or mineral
2. Several Sources/examples of food that contains the vitamin or mineral
3. A catchy slogan that captures the reader's interest in your advertisement.

Utilize your health textbook and your notes for help in getting the best information
