

Child Development Ages and Stages Infant Game Project

Your Task: With a partner please create a game that supports Physical, Intellectual, Emotional, Social, and Moral Development in the age group listed below of your choice. You may want to sketch it out on white paper and include it with a written description.

Preschool Age (3 to 4 yrs.) or Early Elementary Age (5 to 8 yrs.)

Make a materials list of what you will need to do this game.
Have a brief description of the game, the object of it, and how to play it.
This is worth a project grade so please take it seriously.
