Child Development
Literacy Lesson Plan Project

Now that you have had the joy of being taught about the importance of literacy, you are getting the chance to develop a theme and lesson plan for the following scenario:

Pretend that you are a daycare provider and develop a lesson plan to teach young children ages 4 or 5. Your Objective for the kids that you are teaching is to teach children the vocabulary, how to use their motor skills (physical development), etc.

Steps to get this accomplished:

1. Pick a partner
2. Pick a 2-3 books or more to base your theme around
3. Develop a typed out lesson plan with your partner
4. Lessons must include :
 - a. A Song- You and your partner may make up
 - b. Activity- Something to do that is engaging physically, intellectually/cognitive, emotionally, socially
 - c. Design a Puppet character(s) to be used for the song or for reading the book
